

Looking for a Missing Dutch-Oven

A 4-quart yellow cast iron Dutch oven with a metal top was mistakenly put out when members were offered excess inventory after the kitchen renovation. This piece was privately purchased and was meant to stay in the kitchen. Both the oven and the top were engraved with “Simsbury United Methodist Church” and the brand may be either Club or Wearever. If you know where this may have ended up, please call 860.658.7864. Thank you.
