Contemporary Service

Dorothy not just directs but inspires children to sing and/or perform. There are so many opportunities for children to be involved in music and performing at SUMC. She helps them find the confidence and assurance to show their abilities that God gave them. Everyone is born with a gift they just need the chance to share it. She gives them that chance.

She also directs and inspires the singers and instrumentalists for the 9 am Contemporary Service SUMC **"Come As You Are"** service. This is geared towards adults and Senior High Students.
