

Choral Music by Dorn Younger

We have all been thrilled by the performances of Dorn's magnificent music compositions in our services, most recently the cello piece played by David Sims. We are not alone - when one of Dorn's symphonies premiered in Akron, Ohio, the musical community there was so impressed they requested Dorn allow the preeminent Akron Summit Chamber Singers to record some of his compositions.

They did! We now have CDs with seven pieces - four of which are new compositions - including a beautiful "Kyrie" and "Alleluia." The CDs are just ten dollars and all proceeds will be used to insure we have a fantastic 25th Anniversary celebration of our organ and carillon in May. We sold out 2/12 and will have more available after all services on 2/19. Email Dick Adams to reserve a copy dickadams@comcast.net.
